1 Professional Summary

Aspiring Junior Developer and Software Tester with expertise in fullstack development (HTML, CSS, Tailwind, JavaScript, React, Python, Django) and QA testing (functional, non-functional, regression, performance) using YouTrack. Proficient in building and testing web applications, with projects showcased on GitHub and Portfolio. Over 9 years of experience in team collaboration, service work, problem solving, and adaptability. Eager to contribute to innovative software solutions in dynamic development and QA teams.

2 Technical Skills

- **Frontend:** HTML, CSS, Tailwind, JavaScript, React, TypeScript (Beginner)
- **Backend:** Python, Django, Node.js (Beginner)
- **Databases:** SQLite, PostgreSQL (Beginner)
- **Testing:** Functional Testing, Non-Functional Testing, Regression Testing, Performance Testing, Smoke Testing
- **Tools:** Git, Visual Studio Code, YouTrack
- **Soft Skills:** Team Collaboration, Communication, Problem-Solving, Adaptability

3 Education

Bachelor's Degree in Informatics Engineering
Metropolitan University of Tirana, Tirana, Albania

4 Certifications

- Python Essentials 1 & 2 - Cisco NetAcad
- Fullstack Development with Python and Django - ICT Academy Tirana, April 2025
- ERN Programming - ICT Academy Tirana (Ongoing)

5 Projects

- **Vending Machine** - Developed a Python application simulating vending machine operations, including product selection and payment processing. Code on GitHub.
- **SocialBook** - Built a simple social media platform using Django, supporting user profiles and basic post functionality. Deployed on Portfolio; code on GitHub.
- **Slot Machine** - Created a Python-based game simulating a slot machine with random outcomes and user interaction. Code on GitHub.

- **Task Manager** - Developed a task management app using React and Django, with features for task creation and tracking. Integrated automated testing and CI/CD pipelines for quality assurance. Deployed on Portfolio; code on GitHub.
- **Car Rental Web App** - Working as a part-time developer at Code Lab (June 2025 - Present) on a car rental web application using Python, Django, Django REST Framework, React, TypeScript, and PostgreSQL. Code on GitHub.

6 Work Experience

Software Quality Assurance

SD Worx Italy

June 2025 - Present

- Responsible for designing and executing test plans, including functional, non-functional, regression, performance, and smoke testing.
- Perform bug reporting and documentation to ensure high-quality software deliverables.
- Collaborate with development teams to enhance software quality and user experience.

Part-Time Developer

Code Lab, Tirana, Albania

June 2025 - Present

- Developing a car rental web application using Python, Django, Django REST Framework, React, TypeScript, and PostgreSQL.
- Contribute to frontend and backend development, ensuring seamless integration and functionality.

Software Tester

F2A, Tirana, Albania

February 2025 - May 2025

- Executed functional, non-functional, regression, and performance testing on complex software, ensuring robust functionality and scalability.
- Designed and managed test cases in YouTrack, streamlining testing processes through detailed tracking and reporting.
- Documented test outcomes and recommended improvements, enhancing software quality and user experience.

Team Lead Customer Service Support

Assist Digital, Tirana, Albania

- Led a team of 15 agents, streamlining workflows and training to boost performance metrics.
- Implemented process improvements to enhance team efficiency and service quality.

IT Help Desk Agent

Multservis Center, Tirana, Albania

- Resolved 50 daily technical queries, cutting ticket resolution time by 15%.
- Created a knowledge base of solutions, improving team efficiency and consistency.

Electronic Technician

Available Electronic, Tirana, Albania

- Repaired and tested electronic devices, ensuring compliance with quality standards.
- Reduced repair turnaround time by 10% through process improvements.

7 Languages

- Albanian: Native
- English: Professional Proficiency
- Italian: Professional Proficiency

8 Hobbies and Interests

Exploring emerging technologies, solving coding challenges, hiking, and fitness.
